GOVERNMENT OF INDIA
COAL
LOK SABHA

UNSTARRED QUESTION NO:2175
ANSWERED ON:10.03.2016
Supply of Coal
Manjhi Shri Hari;Sanjar Shri Alok

Will the Minister of COAL be pleased to state:

(a) whether the pre-fixed quantity of coal is being supplied to the State Governments including Madhya Pradesh and also private thermal power units separately for electricity production;

(b) if so, the measures taken therefor along with the coal supplied during each of the last three years and the current year, company and State-wise;

(c) whether the Government has received revenue from such supply of coal to private thermal power units during the said period; and

(d) if so, the details thereof?

Answer

MINISTER OF STATE (I/C) IN THE MINISTRY OF COAL, POWER AND NEW & RENEWABLE ENERGY

(SHRI PIYUSH GOYAL)

(a)&(b) :Coal is supplied to Thermal Power Plants (TPPs) as per commitment undertaken in the Fuel Supply Agreement (FSA) irrespective of their ownership i.e. State Government or private sector entity. The State-wise, TPP-wise coal supply against FSA commitment during last three years and current year is furnished as Annexure.
Coal India Limited (CIL) has been dispatching more than 95% of the targets fixed in the supply plan finalized as part of Annual Plan by Ministry of Coal. Despatches to Power Utilities have been 100% , 95% and 95% during the years 2012-13, 2013-14 & 2014-15 respectively and in current year up to January, 2016 target materialisation has been 96% as may be seen from the table below:

Despatch of Coal & Products to Power Utility Sector
from CIL (in Million Tonnes)
Year Target Despatch %
Materialisation
2012-13 342.31 345.51 100%
2013-14 376.18 353.83 95%
2014-15 404.38 385.39 95%
2015-16 up to January, 2016 (Provisional) 352.29 337.01 96%

Two separate e-auction windows were opened, exclusively for power sector, created for Plants which are stressed or in short supply of coal. A 5 MT e-auction window was opened for Long and Medium Term PPA holders, with floor price of CIL notified price plus 20% premium. Another 5 MT e-auction window was opened for Short Term PPA or 'No PPA' holders, with floor price of CIL notified price plus 40% premium. 7.37 MT of coal was booked in two-rounds of e-auction through exclusive windows for power sector

In addition to the monitoring mechanism available at coal companies and CIL, coal supplies to Power Utility sector is monitored regularly by an Inter-Ministerial Sub-Group comprising representatives of Ministry of Power, Ministry of Coal and Ministry of Railways constituted by the Infrastructure Constraints Review Committee of Cabinet Secretariat. This Sub-Group takes various operational decisions for meeting any contingent situations relating to Power sector including critical coal stock position.

In order to improve the overall coal availability for increased power generation and also to liquidate huge stock lying at the collieries, offer was made to all Power Generating Companies drawing coal under FSA to lift the coal which is held in the stocks on "as is where is" basis with the stipulation that the Power Stations will make their own evacuation arrangement. This scheme of supply under "as is where is" basis has been extended for 2015-16 as well. All TPPs having FSA from CIL sources have been informed to lift coal under this scheme by arranging their own logistics for movement from coal offered from various pithead locations.

(c)&(d) : As per extant policy coal is supplied to Power Utility sector under Fuel Supply Agreement (FSA) and occasionally through short term Memorandum of Understanding (MoU) under best-effort basis. Revenue is earned as per terms of FSA/MOU.Presently, irrespective of whether the entity is in public sector or in private sector, coal supplied under FSA is at the price notified by CIL.

ANNEXURE
Power Station-wise State-wise Despatchesfrom CIL Sources
State-wise TPP-wise despatches from CIL sources (in 000 Tonnes)
